Philadelphia, PA | 215-266-3243 | bobbydelcampo27@gmail.com | [LinkedIn](#)

Active Secret DoD Clearance | CompTIA Security+ Certified

EXPERIENCE

Life Cycle Engineering | NCDS Software Support Agent | Phila, PA

March 2026 - Present

Lead secure delivery media generation and validation ensuring bootable, virus-free outputs for Navy Critical Distribution System (NCDS) Ship Haul deployments

Perform lab-based software installation, compatibility, and operational testing across multiple hardware configurations to identify and resolve defects pre-delivery

Prepare System Engineering Processes (SEP)-compliant delivery documentation and supported Quality Assurance (QA), certification, and audit readiness efforts

Collaborate with Code 541 and Ship Navigation Systems personnel to maintain delivery timelines and compliance

Delaware Valley Intelligence Center | DVIC Operations Intern | Phila, PA

June 2025 - Aug 2025

Produced cyber intelligence products and threat profiles on emerging cyber threat actors for law enforcement and private sector partners

Children's Hospital of Philadelphia (CHOP) | Digital Tech. Services Intern | Phila, Pa

May 2024 - Aug 2024

Supported IAM operations and incident-related tasks using ServiceNow and Epic environments

PROJECT EXPERIENCE

Cloud-Based SOC & Threat Detection Lab

Built an Azure-based SOC lab using Microsoft Sentinel, KQL, and an Internet-exposed honeypot VM to collect, monitor, and analyze attack telemetry

EDUCATION

Pennsylvania State University — B.S. Security & Risk Analysis

Minor: Information Sciences & Technology | Aug 2021 - May 2025

SKILLS
